## *THIS ONE IS FOR YOU* JANE TRENGOVE AND SUSAN LONG

Artists Jane Trengove and Susan Long collaborate to produce *This One is For You* an installation comprising moving image, performance, found objects and consumables. Works address the language of aspiration in a culture of self-preservation, consumerism and debt. What results is a display of something close to wistful, wishful thinking and occasional ignoble desires.

Jane Trengove's visual art practice extends from painting to installation, collaboration and the coordination/curation of visual arts projects. Jane recently exhibited *Under Study*, in September 2011, at Sutton Gallery as part of an ongoing project, the *Painting Element* series. Susan Long has a background in film and photography and is currently working in the Pictures Collection at the State Library of Victoria. In 2011 she completed *Revisit*, a State Library Staff Fellowship, and her article *Questions Arise* was recently published in the La Trobe Journal, No 87, 2011.
